

CONVERT THE ONE YOU LOVE

If you'd like to extend your "riding season" to include more years in the saddle, then converting your beloved two-wheeler into a Roadsmith Trike might be the perfect solution. Roadsmith offers two unique designs for the GL1800 including the HT1800 (shown above) or the new HTS1800 which can be seen on our website. Visit your nearest Roadsmith Dealer to see how safe, enjoyable and trouble-free a new trike conversion can be.
